Degree-granting institutions also may offer credentials such as certificates and diplomas at approved degree levels.

Our Mission

Alabama State University is a student-centered public HBCU committed to excellence in teaching, research and service. ASU provides a nurturing, holistic learning environment focused on developing students, on campus and virtually, to be global change agents. ASU embraces CommUniversity and philanthropy to create dynamic relationships for positive community impact.

Our History

Alabama State University was founded in 1867 by nine former slaves. It began as the Lincoln School in Marion, AL, and moved to Montgomery, AL, in 1887, where it was established as a leading producer of African-American teachers.

Alabama State University has experienced tremendous growth, both physically and academically, since its humble beginnings. Multimillion dollar buildings now grace the 395-acre campus. High-demand programs have been established and cutting-edge research is being conducted by ASU faculty and students. With a focus on a global initiative, the campus has a more diverse population while maintaining its proud heritage as a Historically Black College and University (HBCU). We now offer the Bachelor of Arts and Bachelor of Science, as well as Master's and Education Specialist degrees. The University also offers the Ph.D. in Microbiology, the Ed.D. and the Ph.D. in Educational Leadership, Policy and Law, the Clinical Doctorate in Physical Therapy and the Master of Science in Prosthetics and Orthotics.

Official institutional data presented in this publication are compiled by the Office of Institutional Research.
